Introduction

Deux montants séparés ont été placés en réserve sur le poste 26 01 02 11 du budget 2010 qui finance les crédits de gestion dans le cadre du domaine politique «Administration de la Commission» de la nomenclature budgétaire. Ce poste couvre les crédits pour entreprises destinés notamment à la formation centralisée ou aux développements informatiques gérés au niveau central, domaines dans lesquels toute interruption des crédits risquerait de remettre en cause la continuité des activités.

Le présent virement demande le déblocage de la réserve de 3 735 263 EUR, en se fondant sur les listes demandées des sujets de toutes les études réalisées par des prestataires externes, avec les noms des sociétés ou des prestataires individuels concernés de 2004 à 2008, et sur les listes de tous les conseils extérieurs sollicités, avec l'indication des sociétés ou des conseillers individuels, ainsi que des sujets spécifiques visés (voir l'annexe technique jointe).

Le rapport a repris dans l'annexe technique jointe les listes de toutes les études et de tous les conseils extérieurs demandés par tous les services de la Commission de 2005 à 2008 inclus. Ces informations sont fondées sur les données extraites du système central d'information financière, contrôlées et complétées par chaque service afin de garantir une exhaustivité et une clarté maximales. Les informations fournies sont structurées comme suit: le service responsable (ordonnateur), le nom du bénéficiaire (excepté dans les rares cas où les conditions du contrat n'en prévoyaient pas la communication), le sujet ou le motif de l'étude ou du conseil extérieur, et les montants engagés (pour chaque exercice et au total).

Le rapport joint remplit la condition fixée pour débloquer la réserve et la Commission demande donc le virement du montant correspondant de 3 735 263 EUR à partir de l'article 40 01 40 vers le poste budgétaire 26 01 02 11.
